Dear Mr. Sankin:

Specifically, section 6(b)(1) requires that before disclosing information that would enable the public to identify the manufacturer or private labeler of a consumer product, the Commission shall, to the extent practicable, notify and provide a summary of the information to each manufacturer or private labeler, and provide each manufacturer or private labeler a reasonable opportunity for comment in reference to the information. Please be assured that every effort is being made to process each request as expeditiously as possible, and that the records or information that you have requested will be made available to you at the earliest possible date.
